ACI's 3<sup>rd</sup> Optimising Ship Maintenance Conference will build on the success of our previous event in Hamburg 2009 by addressing the challenges ship owners, managers and technical directors are experiencing in developing a pro-active approach to maintenance. This event will reveal the solutions towards achieving business continuity through maintenance reliability and best practice.

The agenda

Throughout the 2 days you will have the opportunity to hear industry leaders and stakeholders discuss and debate the latest methods and technical approaches for ensuring cost effective maintenance strategies:

- **Discover** how to evolve your maintenance management systems specific to your shipping operations
- **Understand** what constitutes effective condition based maintenance
- **Identify** the correct elements to maintain through a pro-active maintenance strategy
- **Examine** how to utilise crew in successfully executing maintenance plans
- **Reduce** operating costs and time out of service by achieving operational efficiency

An interactive 2 days

ACI's meetings offer the perfect opportunity to discover the latest industry updates and to discuss your own challenges and solutions with your peers through an interactive and informative 2 day programme.

- **Hear** from an outstanding line-up of the industry's leading technical professionals;
- **Network** informally with a relatively small, niche group of senior-level decision makers from the maritime industry;
- **Discuss** the latest challenges and developments in this rapidly evolving sector of the industry;
- **Participate** in roundtable sessions – giving you the chance to discuss the latest issues with your colleagues – and the speakers - in an open, informal and intimate setting.

Who will attend?

All ACI's events attract a targeted group of senior level executives and decision-makers from the industry. **Our meetings are strictly end-user focussed.** Only a select group of companies are invited to sponsor the event – to ensure the emphasis is on the industry participants, and making sure our delegates have a valuable and positive experience.

Delegates will include, Directors and Managers of: Technical; Engineering; Superintendent; Maintenance; and Fleet.
