## **“PORT STATE CONTROL”**

Port State Control (PSC) is increasingly active on a world-wide basis in meeting their commitment to combat against sub-standard shipping. They will continue to take measures to improve and enhance PSC activities, to ensure compliance with applicable requirements for safety, pollution prevention and manning conditions on board. Several ships are detained and cannot leave the port until reported serious/detainable deficiencies have been rectified. This of course implies possible delay and financial losses to the ship operators.

In addition, detained ships are made public on the web and in the press resulting in loss of reputation for all parties involved. Multiple detentions will have a severe impact on the ability of a ship and its company to trade unhindered.

Is your company/staff ready to meet the PSC challenge?

These are some of the issues to be covered during the **“Port State Control”** training course, which will be delivered at the DNV Piraeus premises as follows:

- Date: **12 October 2009**
- Location: **DNV Piraeus, Akti Kondili 26-28, Piraeus**
- Timeschedule: **09.30hrs – 17.00hrs**
- Deadline for registrations: **30 September 2009**

**□ Who should attend:**

Personnel in Technical, Safety & Quality Departments of Shipping Companies, Superintendents and shipboard personnel involved in ship management, operation, maintenance, inspection and control.

## ❑ Objectives:

The participants will obtain knowledge and enhance their understanding on the PSC scheme and the way it functions, in addition to the main technical issues which are frequently reported as deficiencies or causing detentions.

## ❑ Key issues covered:

- ✓ Background and Scope of PSC
- ✓ How to avoid and/or handle detentions
- ✓ How do management systems (ISM & ISPS) help
- ✓ Critical technical items/issues frequently subject to detentions

## ❑ Teaching Method:

- ✓ Lectures/presentations
- ✓ Case studies discussed in groups

## ❑ Information:

- ✓ Course presentation will be in **Greek & English language**, otherwise only in English if there are foreign participants, however the material is in **English** language.
- ✓ A full set of course notes will be given to the participants which will enhance the lessons learnt during the sessions.
- ✓ Upon successful course completion, the participant is awarded with a Certificate of Training.

~~✗~~ A newly developed **PSC Tool Kit** will be offered **free of charge** during the course to each delegate.

DNV has produced a great tool kit to enhance shipowners' preparations for a port state control examination and to provide additional support to the Master should a vessel be detained.

The PSC tool kit consists of a number of elements, including new software, developed to assist the crew onboard, with "what to look for" items, with pictures and checklists that can be printed and other useful features which promote awareness and crew education with reference to the most commonly found detainable items and "good" and "bad" practices.

- ✓ The course instructors are:
  - ▶ **Mrs Niki Ioannidou-Mowinckel**, DNV's PSC Liaison from Head Office - Oslo &
  - ▶ **Mr Dimitrios Protopsaltis**, Principal Surveyor from DNV Piraeus.

## ❑ Course fee:

**540 EURO/delegate**

### ***How you can get a discount in this course:***

- ✓ 10% discount on the course fee is offered when enrolment is made for 2-3 participants from the same company
- ✓ 15% discount on the course fee is offered when enrolment is made for 4 & more participants from the same company

❑ **Course Registration:**

To reserve a place in this course, please let us know delegated names from your company, by returning to us the attached "**Registration Form**" properly filled in until the 30<sup>th</sup> of September 2009. In return, we will contact you with a confirmation message to provide you with further information.

❑ **Possible course Cancellation:**

DNV may cancel or re-schedule the course due to unforeseen circumstances, or insufficient participation. However, we can assure you that every possible effort is always undertaken by us to ensure the execution of the course. To achieve this on several occasions, we do not confirm the execution of a course until very late (i.e. few days) prior to course's start.

**In the event that delegates need to travel in order to attend the course or for those requiring an early confirmation, please indicate this in your course Registration.**

❑ **Cancellation Fee:**

Cancellation should be received in writing not later than October 1<sup>st</sup> 2009, otherwise 50% of the total course fee will be charged, which will be used as a pre-payment in any future DNV course by any representative from your company. Any substitutes are welcome.

❑ **DNV Piraeus Training Courses Schedule [3<sup>rd</sup> Tertiary 2009]:**

For further planning, attached please find our courses scheduled until December 2009. This schedule is being updated periodically, so please try to keep in your records the latest version.
