## WHO WE ARE

INFOMARINE ON LINE was founded by marine professionals in 1997 with the sole purpose of acting as a worldwide internet virtual portal exclusively for the marine industry.

Today our virtual maritime portal offers hospitality to more than 100.000 web sites worldwide and our web traffic statistics show more than 2000 visitors per day.

You can be part of our on-line community easily and with the lowest cost possible.

We can offer you the most efficient way to present you company over the internet and to become known to more and more potential business clients
